

First Announcement

The Eighth China–Japan–Korea Grassland Conference

(17th-20th August ,2020)

Organized by the Chinese Grassland Society in collaboration with the Japanese Society of Grassland Science and the Korean Society of Grassland and Forage Science

Inner Mongolian Agricultural University

Hohhot, Inner Mongolia, China

Invitation

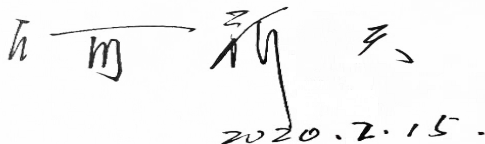

Global environmental challenges are becoming increasingly serious with increasing anthropogenic transformation of nature, posing a threat to the socio-economic development and planetary sustainability. As one of the most important terrestrial ecosystems, grassland is critical for both livestock production and livestock keepers' welfare, but is facing multiple environmental stresses.

To discuss issue affecting the healthy development of grasslands, to promote the sustainable development of grassland ecosystems, and to strengthen the communication and cooperation among people working on grassland science from China, Japan, Korea and surrounding countries, the Eighth China–Japan–Korea Grassland Conference is scheduled to be held from 17th to 20th August, 2020, at Inner Mongolia Agricultural University, Hohhot, Inner Mongolia Autonomous Region, China. The conference is sponsored by the Chinese Grassland Society, the Japanese Society of Grassland Science and the Korean Society of Grassland and Forage Science, and organized by Inner Mongolia Agricultural University, Inner Mongolia M-Grass Ecology and Environment(Group) Ltd.Co. and Inner Mongolia Autonomous Region Grassland Society.

The conference will explore development trends in grassland ecology and the grassland-based agricultural economy in northeast Asia, current issues faced by the grassland industry, and scientific analysis of effective methods and strategies for sustainable development of grassland systems in northeast Asia, to promote technological innovation that meets the sustainable development needs of grassland science and industry.

The organizing committee sincerely invites you to attend this major event in Hohhot, Inner Mongolia, China, which is known as the "Milk Capital of China".

Organization Chairman: He Xintian

2020.2.15.

President of the Chinese Grassland Society, China

Sponsors and Organizers

- **Sponsors**
 - Chinese Grassland Society
 - Japanese Society of Grassland Science
 - The Korean Society of Grassland and Forage Science
- **Organizers**
 - Inner Mongolia Agricultural University
 - Inner Mongolia M-Grass Ecology and Environment (Group) Ltd. Co.
 - Inner Mongolia Autonomous Region Society of Grassland Science

Organizing committee

- **Honorary Chairs**

Zhibiao Nan Professor & Academician of Chinese Academy of Engineering, Lanzhou University, China

Jinfeng Yun Professor, Inner Mongolia Agricultural University, China

- **Chair**

Xintian He President of Chinese Grassland Society, China

- **Co-Chairs**

Guodong Han Professor, Inner Mongolia Agricultural University, China

Yingjun Zhang Professor, China Agricultural University

- **Committee members**

Deli Wang (Northeast Normal University, China)

Toshihiko Yamada (Hokkaido University, Japan)

Sangho Moon (Konkuk University, Korea)

Masahiko Hirata (University of Miyazaki, Japan)

Guoqiang Zhao (Seoul National University, Korea)

Fengling Shi (Inner Mongolia Agricultural University, China)

Naoki Nishino (Okayama University, Japan)

Yuzhu (China Agricultural University, China)

Mengli Zhao (Inner Mongolia Agricultural University, China)

Dulamsuren Dorligsuren (Mongolia Society for Rangeland, Mongolia)

Bill Biligetü (University of Saskatchewan, Canada)

Alexander Buyantuev (University at Albany, USA)

Masaaki Hanada (Obihiro University of Agriculture and Veterinary Medicine, Japan)

Seung Hak Yang (National Institute of Animal Science, Korea)

Yimin Cai (Japan International Research for Agricultural Science, Japan)

Bo Deng (China Agricultural University, China)

Hongmei (Inner Mongolia Agricultural University, China)

Yuanyuan Wang (Inner Mongolia M-Grass Ecology and Environment (Group) Ltd. Co., China)

Jingfeng Zhao (Inner Mongolia Grassland Service Station, China)

Gegentu (Inner Mongolia Agricultural University, China)

Conference theme and sessions

Theme:

Innovation of grassland science and sustainable development of the grassland industry

Session:

1. Biotechnology and innovation in breeding of plant germplasm resources
2. Multifunctionality of grassland ecosystems under global change
3. Sustainable utilization and management of grassland
4. Forage physiology and forage production
5. Grassland industry, economy, society and culture

Work language

English

Conference Venue

New campus, IMAU(No.29, Erdos East Street, Saihan district, Hohhot, Inner Mongolia)

Detailed convention center and hotels will be determined soon.

Conference program overview

Time	Activity
17 th August	Registration
18 th August Morning	Open ceremony & plenary speeches
	Session
18 th August Afternoon	<ol style="list-style-type: none">1. Biotechnology and innovation in breeding of plant germplasm resources2. Multifunctionality of grassland ecosystems under global change3. Sustainable utilization and management of grassland4. Forage physiology and forage production5. Grassland industry, economy, society and culture
18 th August Evening	Dinner
19 th August Morning	<ol style="list-style-type: none">1. Biotechnology and innovation in breeding of plant germplasm resources2. Multifunctionality of grassland ecosystems under global change3. Sustainable utilization and management of grassland4. Forage physiology and forage production5. Grassland industry, economy, society and culture
19 th August Afternoon	Plenary speeches & closing ceremony
20 th August	Field station tour and leaving

Conference paper and poster

The conference proceedings will include conference report papers, monographs and abstracts. The requirements are as follows:

1. The content or abstract of the paper submitted has not been published in an academic journal and other presented at other academic conferences. Please write your paper or abstract using Word software in English (paper or abstract template will provided in the second announcement).
2. Presenters may submit report papers (no more than 6 pages) and other participants may submit monographs or abstracts (no more 2 pages for monographs and no more than 1 page for abstracts).
3. Participants who apply for the session reports should indicate this in their application, and submit the title and abstract before 15th June, 2020. The committee will select the candidates for the session reports.
4. Participants who apply for poster reports should indicate the title in their application. Please submit the printed poster to the organizer for posting at the venue.
5. The deadline for submission of papers and abstracts is 15th June, 2020.

Registration

A registration form will be provided in the second announcement. The registration fee will be as the follows:

Category	Early registration (until 15 th June 2020)	Late registration (until 17 th August 2020)
Standard	\$300/ ¥ 1800	\$400/ ¥ 2400
Student	\$150/ ¥ 900	\$200/ ¥ 1200
Field tour	\$50/ ¥ 300	\$50/ ¥ 300

Important dates

Early bird registration: before 15th June

Papers and application submission: before 15th June

Tour

A post-conference tour is as yet undertermined.

Sponsorship information

All related organizations are welcome to take an active part in the event. Contact the committee for sponsorship application.
